

Vicki Hart

President, Hart Health Strategies

Vicki Hart is the president of Hart Health Strategies. Prior to establishing the firm, Ms. Hart served as a lobbyist and policy advisor for the law firm of Verner, Liipfert. Her areas of concentration included health care, insurance reform, Medicare, Medicaid and reimbursement issues. Before moving to the private sector, Ms. Hart was a registered nurse and a Presidential fellow in the early 1990s. She worked for seven years as a senior health policy advisor in the Senate Majority Leader's office.

Ms. Hart holds a BA in English and a BS in nursing from Fairfield University and a masters in epidemiology and public health from the Yale School of Medicine.

HART HEALTH STRATEGIES

Hart Health Strategies focuses exclusively on health care legislation at the federal level. Each individual at Hart Health Strategies has had a distinguished career in the U.S. Congress, serving as senior staff in Congressional leadership, House/Senate committees, or the Congressional Research Service (CRS). Our expertise relies on a combined 80+ years of public service exclusively in health policy. As a result, Hart Health Strategies has close and trusted relationships with key members of Congress and congressional and administration staff working on federal health programs. Hart Health Strategies has in-depth experience with Medicare and Medicaid laws, the Public Health Service Act (PHSA), the Food, Drug and Cosmetic Act (FDA law), and the Employee Retirement Income Security Act (ERISA). Also, they provide in-depth experience with regulatory health policy and the federal agencies which administer these programs and implement the law.
